Sir:

This election is responsive to the Office Action dated June 27, 2003, making a response due on or before July 27, 2003, wherein the Examiner requires Applicant to elect for prosecution from either:

Group I - Claims 38-43 (drawn to a flat strip lamella); or

Group II - Claims 22-37 and 44 (drawn to a method for producing a flat strip lamella).

The position of the Examiner can be found on page 2 of the Office Action.

In response, Applicants **repeat their election of Group II**, with traverse.

The reason for traversal can be found in the response to the

U.S. Application No.:09/890,516

RESPONSE TO RESTRICTION REQUIREMENT/ELECTION OF SPECIES

Attorney Docket: 3827.082

Restriction Requirement filed May 6, 2003.

Election of Species

According to the Examiner, the application contains claims directed to more than one species of the generic invention. The species are as follows:

Species I (Claims 22-32 and 44) directed a process for production of a flat strip in a continuous process by **melting a thermoplastic film to impregnate a fiber web**; and

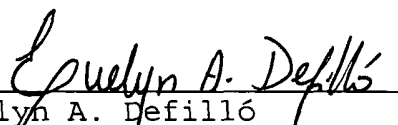

Species II (Claims 33-37) directed to process for production of a flat strip in a continuous process by **impregnating a fiber web by passing through a suspension of finely divided thermoplastic particles**.

In response, Applicants elect specie I (Claims 22 to 32 and 44).

Applicant appreciates that the Examiner will examine the elected species, and if allowable, will examine the remaining specie if covered in a generic claim.

Respectfully submitted,
